

HISTORY

Detroit Fire Headquarters building original structure was built in 1840 - that building burned down and the building that now remains was built in 1929.

DFD occupied the building until 2013.

The Apparatus Room restaurant occupies the space that was the actual room for the fire apparatus and equipment when the building was in operation as a fire department.

The Detroit Foundation Hotel also kept the original hose hang that the fire fighters used to use to dry off their hoses after a fire. This is located in the stairwell of the building.

Pontchartrain Wine Cellar originated "Cold Duck".
